### Summary of the Course

Subject Area: *Spanish and Latin American Studies*

Spanish is the language of over four hundred million people. It is spoken officially in 23 countries and it is the second language of the United States, where there are some 45 million Spanish speakers. Spanish is also one of the four major languages of the European Union alongside English, French and German. If you are interested in learning one of the most commonly spoken first languages in the world and have no prior knowledge of the Spanish language, then Introductory Spanish A is the right course for you. Based on a communicative and culture-based approach, this course is designed to help you quickly develop your proficiency in basic oral and written Spanish. Vocabulary and basic Spanish grammar are presented in contexts that are relevant for everyday language use. You will also learn basic language learning strategies to make your learning process more effective. The course introduces you to some facets of Hispanic societies and culture and, in this way, gives you a better understanding of life in Hispanic-speaking countries and also a basic insight into the culture of the Spanish speaking world. We are the first and only university in Australia using the innovative Online Coaching program which offers you a unique opportunity to work outside of class with a personal, native-speaker language coach located in a Spanish Speaking country in a real-time, online learning environment. We hope that this unique personal experience will be truly enjoyable and will motivate you to continue learning Spanish.

This course is a beginners-level language course. All students who have had some experience with the language, either as a heritage language or through previous instruction, must fill in the placement questionnaire available at <https://hal.arts.unsw.edu.au/students/courses/language-placements>. You will not be permitted to enrol in a language course that is too easy for you. If this occurs, you will be requested to change your enrolment.

### At the conclusion of this course the student will be able to

1. Use a very basic range of vocabulary and phrases in Spanish and apply a few simple rules of grammar.
2. Understand and use the Spanish language in short interactions in familiar everyday situations .
3. Use basic strategies to maintain communication.
4. Identify some features of linguistic and cultural diversity, including the varied nature of the Hispanic world.

### Teaching Strategies

This course is designed for students who have no previous knowledge of the language. The course seeks to create an inclusive environment where students have opportunities to explore the target language. This course introduces students to online resources and the *Dicho y hecho* website from which they can explore Spanish language and culture, and from which they receive constructive and continuous feedback. The materials selected for this course provide a diversity of activities to assist students with different learning needs and linguistic capabilities.

**This is a "blended learning" course which contains a large out of class learning component, namely your weekly on-line live coaching sessions with tutors in a Spanish speaking country and**

**your weekly activities on the *Dicho y hecho Student Companion Site*.** See Moodle for details. In addition to this we will be using a range of other teaching modalities, including in-class small and large group discussions, and task-oriented activities in pairs and groups. In your lectures, tutorials and live coaching you will be engaging in:

- Speaking activities
- Grammar activities
- Writing activities
- Reading comprehension activities related to the themes studied
- Audio-visual comprehension activities

## Submission of Assessment Tasks

Students are expected to put their names and student numbers on every page of their assignments.

## Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on [externalteltsupport@unsw.edu.au](mailto:externalteltsupport@unsw.edu.au). Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support you will automatically receive a ticket number, but if you telephone you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, it will be stated on your course's Moodle site with alternative submission details.

## Late Assessment Penalties

An assessed task is deemed late if it is submitted after the specified time and date as set out in the course Learning Management System (LMS).

The late penalty is the loss of 5% of the total possible marks for the task for each day or part thereof the work is late. Lateness will include weekends and public holidays. This does not apply to a task that is assessed but no mark is awarded.

Work submitted fourteen (14) days after the due date will be marked and feedback provided but no mark will be recorded. If the work would have received a pass mark but for the lateness and the work is a compulsory course component, a student will be deemed to have met that requirement. This does not apply to a task that is assessed but no mark is awarded.

Work submitted twenty-one (21) days after the due date will not be accepted for marking or feedback and will receive no mark or grade. If the assessment task is a compulsory component of the course a student will automatically fail the course.

## Special Consideration Applications

You can apply for special consideration when illness or other circumstances interfere with your assessment performance.

Sickness, misadventure or other circumstances beyond your control may:

- \* Prevent you from completing a course requirement,
- \* Keep you from attending an assessable activity,
- \* Stop you submitting assessable work for a course,

\* Significantly affect your performance in assessable work, be it a formal end-of-semester examination, a class test, a laboratory test, a seminar presentation or any other form of assessment.

For further details in relation to Special Consideration including "When to Apply", "How to Apply" and "Supporting Documentation" please refer to the Special Consideration website:

<https://student.unsw.edu.au/special-consideration>

## Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

**Copying:** using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This also applies to images, art and design projects, as well as presentations where someone presents another's ideas or words without credit.

**Inappropriate paraphrasing:** changing a few words and phrases while mostly retaining the original structure and information without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit. It also applies to piecing together quotes and paraphrases into a new whole, without referencing and a student's own analysis to bring the material together.

**Collusion:** working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student before the due date, or for the purpose of them plagiarising at any time, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.

**Inappropriate citation:** Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.

**Duplication ("self-plagiarism"):** submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

Correct referencing practices:

- Paraphrasing, summarising, essay writing and time management
- Appropriate use of and attribution for a range of materials including text, images, formulae and concepts.

Individual assistance is available on request from The Learning Centre (<http://www.lc.unsw.edu.au/>). Students are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items.

UNSW Library also has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose

- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Some of these areas will be familiar to you, others will be new. Gaining a solid understanding of all the related aspects of ELISE will help you make the most of your studies at UNSW.
