

Global Refugee Forum

Gender Audit

First Preparatory Meeting

29 March 2019

UNHCR Geneva

Purpose of the Gender Audit

The successful Gender Audit of the Thematic meetings for the Global Compact on Refugees (GCR) and the High Commissioner's Dialogue contributed significantly to the inclusion of strong gender commitments in the GCR. The audit team is now working with UNHCR Geneva to document the process of the implementation of these commitments. This includes the three preparatory meetings for the Global Refugee Forum (GRF) and the GRF itself in December 2019. The focus is on ensuring an emphasis on the commitments to women and girls, the Age, Gender and Diversity framework, and strong measures to address sexual and gender-based violence (SGBV) are reflected in the six co-sponsorship groups, and in Pledges made by key stakeholders to fulfil the commitments of the GCR.

The first preparatory meeting was documented by Ms. Shaza Al Rihawi, a refugee from Syria, working in Germany and Ms. Foni Joyce, a refugee from Southern Sudan working in Kenya. The focus of the meeting was on organisational arrangements for the GRF and Draft indicators for progress towards the objectives of the Global Compact on Refugees.

RECOMMENDATIONS FROM THE GENDER AUDIT DOCUMENTERS, FIRST PREPARATORY MEETING:

- That UNHCR continues to advocate for gender equality at the local, national and international levels and with all stakeholders.
- That the disaggregation of data according to Age, Gender and Diversity must be made a priority across all areas and co-sponsorship groups.
- That there must be a stronger focus on Gender Equality, Refugee Women and Girls and a Response to SGBV in the Pledging Process, and as a focus for the Global Refugee Forum,
- That the people organising the Preparatory Meetings and the Global Forum on Refugees increase the representation of women and gender input in the panels.

THE AIM OF THE GENDER AUDIT OF THE PREPARATORY MEETINGS, THE UNHCR-NGO ANNUAL CONSULTATIONS AND THE GLOBAL FORUM ON REFUGEES, 2019

The Gender Audit process will ensure that the commitments made to refugee women and girls in the Global Compact on Refugees including: gender equality, the implementation of the UNHCR Age Gender and Diversity (AGD) Policy; addressing the different needs of women and men across the life cycle including in childhood and adolescence; considering the impact of discriminations based on sexuality and gender identity and disability and promises to address Sexual and Gender-Based Violence are acknowledged in the Pledging, Co-sponsorship, and Co-conveners process. There will be an emphasis on the importance of commitments to women and girls, AGD, and SGBV across the key areas of education, jobs and livelihoods, self-reliance, energy and infrastructure, solutions and protection capacity. It will document examples of good practice in these areas.

What is a Gender Audit?

A Gender Audit documents the discussion of AGD and SGBV, with a particular focus on women and girls in each meeting and combines the findings into a comprehensive report with recommendations. The Gender Audit of the thematic meetings for the draft Compact and the High Commissioners Dialogue, 2017 was extremely successful and contributed to the inclusion of a strong AGD and SGBV focus with commitments to women and girls in the final document. For details see the Final Audit Report, 2017, and “Commitments to Refugee Women and Girls in the Global Compact on Refugees.”¹

Because of a short time-frame to prepare for the meeting, a full audit was not possible, but Shaza Al Rihawi and Foni Joyce, who were attending the meeting as organisational representatives, stepped in, supported by UNHCR Gender Equality Unit and did an excellent job collecting the data, which Shaza then put into a comprehensive report.

Observations from the Gender Audit Documenters

- It was observed that gender-equality concerns were clearly addressed by panellists, including the panel chairs and interventions.
- Notably, the importance of clearly recognising the gender equality dimensions of protection and the Age, Gender and Diversity approach was emphasised by UNHCR.
- Several State and Civil Society representatives made strong interventions, which highlighted needs of women and girls and called for a strong focus on gender equality and AGD Approach.
- Youth and women from refugee backgrounds were actively participating in the sessions and also called for Gender equality and AGD, in addition to women’s involvement in peace building.
- On a negative note, women speakers were significantly not-represented on the formal panels, only in the side events.
